Dear Nigel:

As we discussed in our meeting on January 6, 1987, the surface water and groundwater monitoring scheduled to begin the week of January 12, 1987 will be delayed until we have performed a QA/QC review of the sampling data and reached an agreement with you on the appropriate indicator parameters for which we will monitor.

If you have any questions, please feel free to call me at (212) 840-3990.

Sincerely,

FRED C. HART ASSOCIATES, INC.
